Dear Clive

Here are some examples of the comments the students made after your training day on 19 November 2008:

***Very informative and enjoyable, thank you;  
Good presentation - passionate, very emotive;  
Great session;  
Excellent - really helpful to hear the Users experience and it will inform my practice;  
Clive was wonderful, at last a 'real lecture'!***

Thankyou for your valued contribution on the course programme.

Yours sincerely
